An anthology presents 8 previously unpublished studies on the use of situational crime prevention in urban mass transit systems. Marcus Felson et al.'s evaluation of 1991-1992 modifications in New York City's Port Authority Bus Terminal involving situational prevention combined with environmental measures indicates that the changes made the huge complex much less of a crime generator, crime attractor and fear generator. Situational measures adopted to curb pay phone toll fraud at the same facility were also effective, according to Gisela Bichler and Ronald V. Clarke. Uniformed and plainclothes Transit Police officers patrol the Metrorail and Metrobus systems on foot, bicycles, motorcycles, and marked and unmarked police cars. Transit Police Detectives provide investigative support. Transit Police officers have jurisdiction and arrest powers throughout the 1,500-square-mile (3,900 km²) Metro service area for crimes that occur on Transit Authority facilities,[2] or within 150 feet (46 m) of a Metrobus stop.[1]. Transit Police are actively involved in protecting Metro passengers and infrastructure from terrorist threats. Preventing Mass Transit Crime. Criminal Justice Press. ISBN 1-881798-28-3.
