Contemporary Approaches to Management provides a framework of management practices based on more recent trends, such as globalization, theory Z concepts, McKinseyâ€™s 7-S approach, excellence models, productivity and quality issues, etc. With the appearance of global entities like the World Trade Organization (WTO) and the European Economic Community (EEC), we are all now operating in a global economy. Our managers now need to think globally even while operating in the domestic market. We are losing our market shares even in our domestic market because of competition from foreign companies.
