But Goodall's case and the right-to-die movement have their critics, in both the religious and the secular sphere. And end-of-life debates more generally — whether they're instances of suicide like Goodall's or controversial cases like that of terminally ill UK infant Alfie Evans, whose parents lost the fight to keep him on life support — raise vital questions for which we, as a society, do not have fully articulated answers. Who has the right to end a life — and why? And what does it mean to make assumptions that a life is, or is not, worth living? At what point do the sometimes competing ideas of Beautiful and Heart Soothing Recitation by Sheikh Maher Al Muaiqly. United States. Viet Nam. About Us What's New Help Center Jobs API Monetize Partners. Advocates for the right to die find the constitutional basis of their argument in the Fourteenth Amendment's due process clause, which reads: No State shall deprive any person of life, liberty, or property, without due process of law The wording of the due process clause suggests that people are responsible for their own lives, and could, therefore, have a legal right to end them if they choose to do so. But this issue was likely not on the minds of constitutional framers, as physician-assisted suicide was not a public policy issue at the time, and conventional suicide leaves no d

The right to die is a concept based on the opinion that a human being is entitled to end their life or undergo voluntary euthanasia. Possession of this right is often understood that a person with a terminal illness, or without the will to continue living, should be allowed to end their own life, use assisted suicide, or to decline life-prolonging treatment. The question of whom, if anyone, should be empowered to make this decision is often central to the debate.
