In the book *In Praise of the Stepmother* the Peruvian Mario Vargas signs down on the first paradigm and highlights it even more, showing the almost infeed voluptuousness of the forty-year-old Dona Lucrecia who as a virgin flower awakens to life having her first experience with the bee that eagerly sucks its nectar to produce honey.Â This review has been hidden because it contains spoilers. To view it, click here. âœœIn Praise of the Stepmotherâœ is a thought-provoking fantasia on innocence, sex, and art which never fails to force us into questioning our most precious of assumptions. Not wishing to have our own little bourgeois moralities threatened is, I suppose, one reason why many people have dismissed this novel as âœœdisgustingâœ or âœœimmoralâœ or something equally nonsensical. It is only nature entirely given over to vice whose contours do not grow blurred in the hyaline mire of the atmosphere. Beauty is âœœmarvelousâœ vice of form. CÃ% SAR MORO.Â Happy birthday, stepmother! I havenâ€™ any money to buy you a present, but lâ€™ll study hard and be first in my class, and that will be my present. Youâ€™re the best and the fairest one of all, and I dream of you every night.
