The British historian Herbert Butterfield coined the term "Whig history" in his short but influential book *The Whig Interpretation of History* (1931). It takes its name from the British Whigs, advocates of the power of Parliament, who opposed the Tories, advocates of the power of the king. Butterfield argued that this approach to history compromised the work of the historian in several ways. The emphasis on the inevitability of progress leads to the mistaken belief that the progressive sequence of events becomes "a line of causation", tempting the historian to go no further to investigate the causes of historical change.[11] The focus on the present as the goal of historical change leads the historian to a special kind of abridgement, selecting only those events that.
