Synopsis :

A History of the Canadian Economy, provides a chronological account of Canada's economic and social development from the time of pre-European settlement to the present. Written by an economist and a historian, it provides an interdisciplinary treatment of nearly five centuries of Canada's

past.

Economic History of Canada The Canadian Encyclopedia May , Economic History of Canada The economic history of what is now Canada begins with the hunting, farming and trading societies of the Indigenous peoples Following the arrival of Europeans in the th century, the economy has undergone a series of seismic shifts, marked by the early Atlantic fishery, the transcontinental fur trade, Economy The Canada Guide Economic History of Canada Canada was basically founded as a money making scheme In the th century , when North America was first being colonized by the French and British, the northern half of the continent was considered an alluring place because of all the furry woodland creatures it contained, since beautiful, glossy furs were one of the most desired possessions of wealthy Europeans of the time. History of Canadian Economy Sociology Discussion History of Canadian Economy The recent success of the Canadian dollar is driven largely by the engagement of the U.S in the Iraq War, the huge deficit of the fiscally imprudent US Administration, and what could be argued is the battering of the U.S employment outlook by such trends as outsourcing, and high immigration. Economic History of Canada Canadian Economic history The economic history of Canada until was dominated by waterways The fur trade pressed westward by the St Lawrence with its tributaries and the Great lakes the fishing industry, the fur trade, and the lumbering industry depended upon water transport.
