The Consanguinity is a loosely-organized occult criminal/terrorist organization active in Tuuros Galaxy. While extremely few in number, the supernatural weapons wielded by its members, and the supernatural augmentations granted by those weapons, gives the Consanguinity power and influence well beyond its size. Its name is a reference to the continuity of the weapons they bear, with each successive wielder taking up the bloody legacy of all the previous. Consanguinity, kinship characterized by the sharing of common ancestors. The word is derived from the Latin consanguineus, "of common blood," which implied that Roman individuals were of the same father and thus shared in the right to his inheritance. Kin are of two basic kinds: consanguineous. { "133242": { "url": "/topic/consanguinity", "shareUrl": "https://www.britannica.com/topic/consanguinity", "title": "Consanguinity", "documentGroup": "TOPIC PAGINATED LARGE", "gaExtraDimensions": {"3": "false"} } }. Consanguinity definition is - the quality or state of being consanguineous. How to use consanguinity in a sentence. 1 : the quality or state of being consanguineous persons related by consanguinity. 2 : a close relation or connection the consanguinity of monotheistic religions. First Known Use of consanguinity. 14th century, in the meaning defined at sense 1. History and Etymology for consanguinity. see consanguineous. Keep scrolling for more.
